ليالي غرناطة

by Al-Kayan Group

Aspiring to expand in the market, we worked on reviving Ghurnata City, the historical venue.

As Ghurnata city was built on the Andalusian style, our main inspiration was the Andalusian patterns & art mixed with Ramadan elements.

We adopted the project from A-Z. Created the logo, worked on designs & finally executed the production. Following it a PR campaign, we had a full house on the opening day with more than 500 attendees.

As the sole organizers of the tent, we took on the responsibility of ensuring that every aspect of the tent met the highest standards of quality and comfort.

Throughout the month of Ramadan, we successfully managed all corporate events that took place in the tent. From managing the catering and entertainment to ensuring a seamless flow of guests, our team worked tirelessly to ensure that every event was a success.

HHD pursues experienced investors to operate, manage its historic Granada City

City will be divided into 3 regions, will be offered separately under usufruct system, says company's CEO

By Shaimaa Al-Aees

Heliopolis Company for Housing and Development (HHD) says it aims to maximise its assets through cooperation with major companies and specialised entities. Hence, the HHD looks for experienced investors to manage its historic city of Granada in Cairo's Heliopolis neighbourhood and operate its commercial, entertainment, and service facilities, the company's CEO Tamer Nasser has said.

During the celebration of the city's 95th anniversary, Nasser said that the offering is under a usufruct system and the city will be divided into three different areas, provided that each area is offered separately. The first area is the main building with amphitheater and front yard, which

Tamer Nasser

is suitable for cultural and tourism activities, exhibitions and parties. The second area is the royal rest building, and this area can be a high-level restaurant due to its nature, as it was the private resting place of King Farouk, and he was watching through its terrace horse races with princes and kings. Meanwhile, the third area is the backyard, and it is suitable for many commercial, tourism and entertainment activities.

He noted that renovation and operation of Granada City is part of the company's plan to exploit its heritage assets in order to achieve its goals to maximise the use of these assets for investment, pointing out that it is considered one of the most important heritage and historical monuments in Egypt.

Granada City is a unique model for the architectural design of the first entertainment city that was established during the early last century by Baron Empain, founder of the Heliopolis Company. The city's restoration and development began in 2017 and took two years at a cost of about EGP 47m within the framework of the state's plan to revive and develop heritage Cairo and its buildings and preserve the architectural identity of these buildings. Consequently, the company was keen on in developing the city built on the Andalusian style, to return once again to a destination for those wishing to enjoy spending pleasant times among its heritage parts.

Moreover, HHD seeks to complete the development of Maryland, one of the oldest historic parks in Egypt, after starting its operation in various activities and reviving it while maximising financial benefit from it according to the company's strategic plan to preserve the history of the park, Nasser concluded.

قال المهندس تامر ناصر الرئيس التنفيذى لمصر الجديدة ان غرناطة من أعرق المواقع التراثية وتم تصميمها على الطراز الأساسى لتحاكى غرناطة الأندلسية على مساحة ٤ افدنة بضاحية مصر الجديدة التى تم تأسيسها عام ١٩٠٩ على يد البارون إمبان وكانت فى وقت من الأوقات أكثر الأماكن جذبا للملوك والأمراء والشخصيات حيث كان يجلس الملك فاروق مع الوفود من الزوار داخل البرج وعلى مدرجات المبانى لمشاهدة سباقات الخيول والذى يعد أنشأ الباشا فى ١٩١٠ ما دعا لاطلاق اسم سبق الخيل، على الشارع الرئيسى أمام حديقة البريلاند وهناك كانت تقام السباقات التى شارك فيها جنسيات مختلفة مثل الأرمن والفرنسى واليهود والانجليز بالاضافة إلى العرب والفلاحين والخيول.

أضاف تتميز غرناطة من أهم معالم مصر الجديدة سمحت لتؤكد على طبيعتها الترفيهية وتحقق الاستهدف فى الترويج للمنطقة ترفيهية ومرت بالعديد من مراحل التطوير منذ انشائها حتى وصلت لوضعها الثانى فى العشرينيات من القرن الماضى وادخال بعض الانشاءات مثل تحويل المطعم إلى نادى للفروسية واضافة مدرجات للمدرجة الأساسى والمدرجة الملكية ثم انشاء الاستراحة الملكية والتى كان يشاهد من شرفاتها الملك فاروق سباق الخيل ثم تحويلها بعد ثورة ١٩٥٢ إلى مبنى المسرح القومى ثم دار عرض سينمائى وكافتيريات ومطاعم بالاضافة إلى الساحات مميزة للاحتفالات.
